Php Script Installation Service

[DOWNLOAD HERE](#)

We offer a cheap, professional and fast script installation service for PHP or CGI/Perl scripts (7 days per week) for only $5. We will install every script. Our script installation service covers the following: - Uploading the script to your hosting account with FTP - Creating the required MySQL database and user - Dumping the MySQL file to the database - Chmod all files and directories that requires change - Making the MySQL settings in your script - Modifying all necessary settings in the script - Finally we will test that your script is working well *IMPORTANT: Before you order our Script Installation Service, please be sure that your web space or server meet the script requirements. We cant give you a refund in the case, that we try to install the script and it doesnt work because of missing requirements. If you have any questions regarding this service or need any other service, please CONTACT MY We will reply to you within 24 hours.
