This app lets you use your iPhone with any other network's SIM card. All you need to do is run the program, and click one button and the program does all the work. Its that simple. If you come across any problems, just connect your phone to your computer, open iTunes, and click Restore iPhone. Not only can you use ANY network's SIM card, you can also customize your iPhone's ringtones, wallpapers, and 3rd party applications. You need a Windows PC for this to work. Make sure you connect your iPhone AFTER opening the program up. and make sure iTunes is closed. if it isn't, exit it. Any questions, feel free to e-mail me at trustedinc@live.com. Thank You.
