Finally you can fire your graphics designer and save yourself a truckload of money! As a digital product owner, it's very likely that you have spent money to have a graphics designer create a professional looking cover graphic for your product. If you have, then you know that most graphic designers charge from \$97 to over \$150 just to create ONE simple cover! It is a proven fact that professional graphics help to increase the conversion on your website. They increase the perceived value of your product and turn more of your website visitors into customers! With all of these benefits, you'd think that there would be a easier, and cheaper way to get the same results... Now there is an easier and more affordable way! It's a new software program called, "Instant Cover Creator" that will take all of the hassle of graphic design, and quickly create a cover for you! Creating Your New Cover Graphic Is As Easy As This: 1) Pick a template 2) Pick A Front Picture 3) Pick A Side Graphic
