Get comfortable and get ready to clearly find out what it takes to turn your website into profits using the power of the Internet... The Key Pillar To Success Online Is Laser Targeting The Exact Audience That Is Interested In Buying Your Product! I'm sure that you are aware of the fact that the online business industry is booming. There are billions of dollars of product sold every year in online businesses alone and it's continually rising! But the secret to getting your product, service or offering to make money online is targeting the right people with your offer. If you don't target the right people, you'll never make a sale no matter how many people you send to the website. This is why it's so important that the people who come to your page are targeted, responsive and tuned into the offer that you are presenting. Getting extremely targeted traffic to your site can be a daunting and difficult task. That's why if you... Choose The Right Keywords To Target And You'll Make A Fortune, Choose The Wrong Ones And You'll Fail Miserably! I realize that you may be a bit confused as to what it takes to get targeted visitors to your website and may not know where to start but I'm going to help you understand... Getting targeted visitors to your web business relies on one thing... Keywords. That's right, keywords are what drive targeted, truly interested people to your website that may actually buy what you have to sell. But how are keywords responsible for this? Let me explain... 1) Keywords are what you are going to use when you do any pay per click advertising to get people to click through to your site. If you don't have

keywords targeted to your product, the people who end up at your site will most likely not be interested. 2)

Keywords are the secret ingredient to getting organic search engine traffic to your website. But the keyword you choose determine which kind of people come to your website. If you're selling kitchen accessories, you don't want car mechanics coming to the site which is what may happen if you don't carefully choose your keywords. You're Probably Thinking "Just How In The Heck Am I Going To Generate Hugely Profitable Keyword List?"... Up until now, it's be a real chore to generate loads of keywords. It took expensive memberships to days of research. The truth is, you really need a huge list of keywords. Not some small list. You want hundreds and thousands of keywords to maximize the chance you have of generating traffic to your website. This is what the big boys know that most people working from home don't; the person with the biggest keyword list gets more traffic, period. But how do you generate a big keyword list? It's always taken loads of time and tedious research to generate keyword lists with loads of entries because you have to find them one at a time while doing search engine searches. After going through this myself for years, I knew that there had to be a better way but I just couldn't find anything that did the job. I set out to create something that did this myself and... You can see from the image above we turned the keyword "Dentist" into 5436 separate keywords just for the state of California. That is one single keyword now turned into 5436- it's simply amazing! You will then check the box "Prepend" to add the state or city data

before your keyword such as Los Angeles Dentist Oakland Dentist San Francisco Dentist Alternatively you may check the box "Append" to add the state or city data after your keyword such as Dentist Los Angeles Dentist Oakland Dentist San Francisco If you select only the state box for California it will build your list showing only the keyword and city name as below. Dentist Los Angeles Dentist Oakland Dentist San Francisco Check the Include State Names box to build your list to include the state names such as: Dentist Los Angeles California Dentist Oakland California Dentist San Francisco California Check the Include State Abbreviations box to build your list to include the state abbreviations such as: Dentist Los Angeles Ca Dentist Oakland Ca Dentist San Francisco Ca Once you have these settings finalized how you want them press the "Update List" Button You will see the Generating keywords loaded automatically in the box as seen above! I have also set this software up to export in batches of 2000 and the ability to add "Quotes" or [Brackets] around your keywords for easy import to your Google Adwords account! I assure you when you are setting up your Google Adwords campaign you will be much happier paying for a bunch of city names including the word Dentist for only 10 cents a click versus up to \$7 a click for the word Dentist on its own. This does not even take into account that anyone searching for "Dentist" in a more targeted fashions because they included the city name is going to be a much more targeted lead then someone searching just the vague word of Dentist by itself! Are You Ready To Stop Struggling And Finally Start Making A Killing With Your Website? This Software Will Guide You Effortlessly To... 1. Easy & Thorough Keyword Generation On The Fly! 2. A Website Loaded To The Hilt With Targeted Traffic! 3. Hundreds Of Hours Saved Not Doing Keyword Collection! 4. More Subscribers, More Sales, More Respect!
