

Snabid Auction Clone 2010

[DOWNLOAD HERE](#)

New for 2010 is our latest release. This is the ultimate penny Auction Clone that works, not those script that will tell alot but offer a little its got a perfect rating among all the clones because it works.this is all that u want for running your own penny auctions. This script is meant for those that wish to run youre re own Professional Swoopo style auction site.Coded in straight PHP and AJAX,this script is stable and is packed with full of features. Why waste thousands of dollars developing a Swoopo,telebid clone when you can buy it here for \$25 This is a professional website script. Features include * Easy Installation (Less than 15 minutes) * Limits on the number of auctions a user can win in a month. * Coupon Module (Users can redeem coupons to get admin defined bids) * Affiliate Module (Users can get rewards for referring friends) * Address Book importer (To invite more and more people) * Rewards points system (when packages are purchased) * Credit back on lost bids (Users get credit for bids on lost items to pay for won items) * Auto Bidders (Users can schedule them in advance) * Mark-up Percentage (Once set will automatically calculate reserve price) * Peak Only Auctions (Active for a specific time period) * Nail Biter (Auctions without Auto Bids) * Template Based * Multiple Languages * Multiple Currencies * Product Inventory (Add a product once and then create as many auctions as you want) Website look may differ depending on your Customization and Configuration This source code script comes unencrypted so you can make changes as you see fit. Important notice: These product are perfectly condition,unencrypted, viral checked, No back door entries, complete genuine product. These generally sell for hundreds of dollar on script website, Ebay and other websites. we are offering you at a very low price. Please check the features and server requirements before you order. Because this is a digital product, there are no refunds once the product is delivered.please keep this in mind There are no refunds for this product and Complete set of installation information is provided with this product. If there is problem with the script then it is from the server side as shared hosts have a lot of restrictions; prefer dedicated host service. We do not provide any Installation and Product Support. If You Need assistance with installation we recommend you scriptlance, there you can get installation support for a low price.when you are Buying this product you are agreeing the the above terms and conditions any violation will be dealt. If you are the

author or You think that there is a Copyright infringement of any kind associated with this Product please contact us necessary action will be taken. We Dont Support Copyright Violation
