How To Quickly & Easily Protect Your Affiliate Commissions From Link Choppers, Look 100 Times More Professional, And Instantly Increase Your Affiliate Profits By 500 Or More... Guaranteed! (Plus, Ill Reveal Exactly How You Can Save Yourself \$97.00 In The Process!) I bet youre thinking this is a sales letter, arent you? If you are, youd be wrong! From: Your Name Here Internet Entrepreneur Your Website Here Date: In case you dont know what affiliate marketing is Ill give you a very simple explanation and show you how you can protect yourself easily and for FREE! Affiliate marketing is a form of online advertising that works by rewarding results. Affiliates can earn huge commissions by promoting other peoples products or services. If you have a website and wish to make money without having to develop products, or build complex technology of your own, affiliate marketing allows you to make money by simply promoting other sites. It is an easy and effective way for you to make money with your web real estate. If you advertise your own products online, affiliate marketing is an efficient way to generate additional income. Its a very cost effective form of advertising for merchants, a way of extending reach to more and more customers. You may not be aware of this problem, but if you promote any affiliate program, it is almost certainly costing you a substantial proportion of your commissions. The problem arises when instead of simply clicking on your affiliate link, a customer copies the link into the Address field at the top of their browser and modifies the link before using it. This modification comes in two forms - chopped links and stolen commissions.
