

Zip 2 Profit With Rights

[DOWNLOAD HERE](#)

Zip 2 Profit is a Brandable software that you can resell or brand and give a way, and everytime someone uses your branded copy you get free advertizing! Heres a List of the Built in Revenue Streams, * The Main Ad. The big blue text above will capture the users eye each and every time they use the program. This text can be made inviting and click friendly by using commonly known ad copy techniques. The built in url you decide will take the user to your url of choice where you can use signup pages, squeeze pages and special offers to keep profiting day after day without lifting a finger! * Top One Line Ad. Used for a more general message like call to action for visiting a site. This One Liner is one of the Ad Paths you will use when allowing your customers branding rights (only in the MRR version). They will not be able to change it so your one liner will be shown to all the customers your customer have! * Site Auto Open. You can enable this function and have Zip2Profit send the user to an url of your choice after each and every unzip. This can be very effective in some niches and you could use this to present special offers (and how about using some rotating content showing a new web page or new content after each unzip!). * Secret File. You can tell Zip2Profit to keep a close check on all files inside the zip files. Using the Secret File option Zip2Profit will on your command open a file (you set the desired filename) when found inside a zip file. This is a golden opportunity for you as no other software in the world will do this, but you can start adding a special offer, invitation, bonus or why not a thank you note in all the zip files you do. Absolutely NO Adware or Spyware Under the Hood! Full Master Resell Rights and a turnkey website included!
