Just decide on the keywords and you have a professional video streaming website, boasting 100s of entertaining videos in 15minutes or less! Template based dynamic pages allows you to quickly edit your video section to match any of your present websites! Plus so much more... Date: Sunday, October 25, 2009 From: Your Name Dear Internet Marketing Friend, Video-based websites get more traffic than any other type of site on the net. People just love them! Because niche video sites are so wildly popular, the search engines have changed their algorithms to see that fresh video content is renewed thousands of times a day ensuring data is up-to-date and correctly ranked in their results. Before today, it was a time consuming, arduous process to build a niche video site. Now you can join other highly successful multimedia webmasters in one of the most profitable opportunities on the net...EVER! What niche can you use to build a video website? Virtually ANY niche you can think of! Lets say youre interested in the Internet Marketing niche and you want to create a video website on this niche. Why? Simply because youre aware that people looking for information about Internet Marketing would like to see video training and any other visual information, and you also know that you will increase your bottom line while keeping satisfied visitors on your site. In the past, if you wanted to build a niche video website, heres the process you would have to follow: Search for videos related to Internet Marketing Search keywords Design the website Manually create each page for each keyword Insert javascript code (not indexed by the search engines) to display a video on your site Insert some ads Link all the pages together hoping that your optimized linking will attract the search engines Wait while the search engines find and index 10 of your web sites pages Once your site is indexed you would then have to... Find more new videos Manually update your existing pages to remove previous

videos Add more code in order to display new videos Remove old keyword pages Create all new pages Rebuild the entire linking structure Congratulations! Youve successfully built ONE Niche Video Web site... What if you had a build it once and forget it system that would do everything listed above and replicate itself hundreds of times a day... for each niche video web site? Im talking about a system that would build a multimedia website without you EVER having to worry about: Finding new content Researching keywords Optimizing pages Optimizing your linking structure Updating all your sites How about a tool that you could use to quickly build tens, hundreds, or even thousands of optimized Video Web Sites... and never have to spend a second of your time to update them, to add new content or to monetize them, would you be interested? Introducing Youtube Video Sites In A Box Pro Edition! Heres How Youtube Video Sites In A Box Pro Edition Will Help You... Quick And Easy Niche Video Sites Creation YouTube Video Website Builder Pro comes in an easy to install desktop based script installer which allows you to quickly and easily set up your sites... Enter one or one hundred keywords and build a site just like below! Click to see the demo site (Opens In New Window) Powerful and Highly Customizable Editing the entire site is a breeze... because YouTube Video Website Builder Pro is completely template based... even for those who know nothing about website design! No need to hire a high-priced designer to edit your niche video websites! Click to see the actual working site (Opens In New Window) Fully Automated Set it up once and every single time theres a new video for your main keyword or keyword tags, your websites gets updated automatically! Dynamically Search Engine Friendly Using dynamic internal linking methods, you can be rest assured that EVERY tag and links gets crawled by the search engine spiders. Imagine...your tags, keywords being crawled....better prominence in SE rankings and position! Does Not Exhaust Your Bandwidth This script uses dynamic pages. In other words, it uses minimal hard disk resources. And because it uses YouTubes bandwidth, your web host will be running on optimum performance! You have ABSOLUTELY nothing to lose but LOTS TO GAIN! If you have read this far, then most likely youre in the same business as I am...and we sure deal with a lot of internet stuffs and video is one thing that you cant deny to gain increasing popularity soon! And for only the price of \$17, this monster of a niche script can be yours now!! While it could cost you \$500 to get just one site built, you will be able to build unlimited video websites for only \$67 But for a limited time, you can get this powerful script for only.. \$ 47!
