We've virtually made it possible for you to have the same style of scripts that not only Google, MySpace and YouTube run on, but 11 more highly successful business sites. MillionDollarScriptBox Allows You To Create A Web 2.0/Social Networking Or Free Online Service Business That Will Generate An Income For You! Plug N Play - This system is the easiest road to creating your own highly trafficked and highly active social networking or free online services site quickly. Just plug it in, configure and upload -- and you're ready to go! Robust Features - Even though the system was designed for complete simplicity of use, don't let that fool you! This thing is packed with hundreds of easily usable features you get access to as the site owner and administrator of the system Secure & Stable - We all know that it doesn't matter how "revolutionary" a new system or piece of software is if it doesn't run properly... That's why we've designed the MillionDollarScriptBox software to be so super-stable and secure, so it will never break or go "out of order!" Web 2.0 Revolutionary - As you are going to see when you start using the scripts yourself, there are tons of proprietary & extremely cutting edge technology in YOUR new system. Your site will be attractive and easy-to-use to attract maximum visitors, signups and active members, guaranteed! Each script comes with full, easy-to-follow instructions for installation on your web server. Basically, all you need to do is follow the instructions to be literally up and running within hours. Brand your business by adding you own header and footer to each site, then add the sales letter. Make the layout of the site fit to your own preferences. Add your payment buttons and links where appropriate. Save and upload all the files to your server. Configure the program through the administration panel that only you have access to. Test your site's functionality to ensure it's working correctly. Promote your site and wait for new members and users to start signing and/or using your service.
