

Easy 5 Cash Blueprint - How To Get \$5 Payments For Easy Work Mrr Ebook

[DOWNLOAD HERE](#)

Easy 5 Cash Blueprint with Master Resell Rights This ebook is a "blueprint" that lays out two strategies for making money online. These are certainly not the only ways to make money online. There are many legitimate online business opportunities. Unfortunately, there are also a lot of scams, and a lot of false promises. So let's get one thing out of the way... This is NOT a scam. The methods taught in this blueprint are truly legitimate ways of making money online. They are perfectly ethical, and you can be proud to tell your own mother about it. At the same time, there are no guarantees. This is not a "job" where you work for an hourly wage, and are promised a paycheck every two weeks. It's a business, and as with all businesses, your success is determined by many factors. In this particular business, your success is largely determined by the effort you put into it. OK? Now that we've got that out of the way, let's answer a question that is probably on your mind... WHAT is this opportunity? The opportunity is two-sided: 1) Making money by doing freelance work for others. 2) Utilizing low-cost freelancers to make money. We'll call these two sides "Method #1" and "Method #2", respectively. Most people start with Method #1, because it's fundamentally simpler. Much like a regular job, you provide a service and get paid for it. Some people aren't interested in building a real business, and so they actually prefer Method #1. They would rather just do something and get paid, and do it over and over. Being this type of freelancer will probably not make you rich, but it is one of the easiest ways to make some "extra" money on the Internet. If that's you, that's great. You'll learn how to do that in this ebook. Method #2 on the other hand, is a variation of a method that has made many people very wealthy. A secret that many of the world's richest people learned at a young age is that trading your time for dollars (ie. a JOB) is not a very good way to get rich. A better way to get rich is to be a business owner, and leverage OTHER people's time. Method #2 teaches you how to do that, starting on a VERY affordable level. Most people can't afford to go out and hire a bunch of people to build their business. But Method #2 will show you how to take advantage of a new freelancing phenomenon that will allow you to hire freelancers for very small fees. You'll also see WHAT you need to hire these freelancers to do, and I'll lay out the blueprint for the entire business model.

For both Method #1 and Method #2, we are going to utilize a new breed of freelancer sites that I call "Micro-Freelancer" sites. The most popular micro-freelancer site is currently Fiverr, so we will be mostly focusing on that site. However, all the methods and principles in this ebook can also be applied to other freelancer sites, and I will give you many alternative sites that you can look into. MRR Rights Terms & Conditions For the Easy 5 Cash Blueprint [YES] Can be sold in any format. [YES] Can be packaged/bundled. [YES] Can be offered as a bonus for PAID products.
