NO SPYWARE OR ADS! WORKS WITH ANY VERSION OF WINDOWS WHY I DEVELOPED THIS PACKAGE??? Angry with my increasing cable bill, I finally cut it off. But, I still loved TV... LOST was my favorite show. I researched online and ebay, on how I could continue watching TV but for cheaper or even free. Finding nothing good, I finally purchased some "programs" on ebay only to realize that they were 12 links - that anyone could find online for free! The links were outdated and only half worked. Through frustration, I eventually developed this package of 10 programs that will search and find free videos, movies, radio stations and more!!! WHAT I FOUND OUT!!! Others say they sell 12 programs but in FACT they are 1 program and 11 LINKS!!! They offer a refund but instead ignore emails for refund and play feedback games! There are alot of poor programs or illegal programs on ebay like: Beware of listings selling the TVU program, which is free and illegal to sell - go to tvunetworks.com Some even have viruses and spyware!!!
