Article Site Builder Now You Build High-Content Websites -- Even If You Hate to Write! Ill show you step-by-step how you can use my new, remarkable tool to gather keyword-rich articles, analyze their densities, and build separate web pages for each articles collected. Here are the three biggest myths about getting content for your Internet marketing web sites: The first one is that you have to be a good writer. Uh-huh. Tell that to my friend Sam. Sam dropped out of 10th grade, cant spell, and reads at a 4th grade level. But you know what? Sam pulls in $850 a week from his content-rich sites because he ALWAYS has new content up. The second is that theres no way to get good content without paying big bucks to some hotshot copywriter. Truth is, even if you DO pay big bucks, youre likely to get broken English because Mr. Hotshot Copywriter couldnt be bothered with a trivial task like yours, so he off shored it to India. The third is that you can cut and paste articles from other sites and call them yours. The problem is, thats plagiarism. Its illegal and it can get you sued. Dont do it. Wouldnt you agree that its crazy to think youll get different results if you keep doing the same thing over and over again? If I keep touching a hot stove and kept getting burned Id be silly to think the next time I touch that hot stove I wont get burnt. Thats why you need to try something different Heres How Article Site Builder Can Help You Get High-Content Websites Built, Starting Today You see, Ive just completed the beta-testing on Article Site Builder to make sure it gives you step-by-step results.
