This web template package consists of 55 Researched and Optimized web templates that can potentially explode your success! By being optimized, these templates can boost your 'success factor' by over 800! This is the FIRST package on the internet to offer this remarkable feature! You now might be wondering what I mean when about being 'Researched and Optimized'. Well each web template is literally 'modified' in the following ways: (1) The color schemes and style selections have been chosen to attract a greater majority of visitors. (2) The images and graphics on the templates are chosen to appeal almost instantly to your visitors. (3) The layout is designed to be as user-friendly as possible in order to keep your visitors smiling. (4) Every web template is based upon our 'simplicity to popularity' theory which means that the average visitor on the internet prefers a simplistic web site instead of a confusing layout. And that what this web solution is about! So what's the end result from all this researching and optimization? Simple. Your web template will receive a greater boost of popularity and appeal from any of your visitors and if your selling products, you'll also boost your sales incredibly! I'm also offering the FIRST 50 ORDERS ONLY the chance to take home 13 of the hottest web templates that are absolutely stunning! You also get the complete design ownership + resell rights!
