Dear Fellow Blogger, "At Last! Set It And Forget It Simplicity Comes to Wordpress!" Three Brand New Plugins Just Released that Put Your Wordpress Blog on Autopilot! Remember when you started your first blog? Remember how excited you were? Youd post every day, sometimes several times a day and visit all the Social Bookmarking sites to make sure they knew about your posts. You probably did this every day - for about a week or two. Then youd go on to something elseperhaps another project that needed your attention, or youd even create another blog. In a very short time, youd cut out visiting all those bookmarking sites. Days would go by and youd forget to update your blog with any new content. Those days turned into weeks. Weeks turned into months. Slowly but surely, the visitors - and the search engine spiders - simply stopped coming. By that time, other things ate up all your spare time and demanded your attention. Meanwhile, your visitors were left hanging, only to guess, Is it ever going to be updated again? competitor sell \$147 Tags: seo
