

Michel Thomas Speak Spanish Complete Introductory Course

Michel Thomas has taken the language-learning world by storm. With no books, no memorising and no homework, Michel teaches the basic grammar of the language painlessly. Using the method he perfected over 50 years, he now shares his secret with the world - and 'makes it simple' (Sunday Times). In only a matter of hours, he gives you a comprehensive grasp of the structure of the language, enabling you to communicate with confidence. The present, future, conditional and past tenses are covered, and you are taught to think about the ideas that you are trying to communicate, rather than to translate words slavishly. He points out the similarities of the vocabulary in English and Spanish and gives you the tools to guess the words you do not know, or think you do not know. Join two students as they learn in real time. Become the third member of the class and experience the excitement of learning a language in two hours, as if by magic.
