ATTENTION: Discover the makeup and beauty secrets of the stars! Be a Trendsetter! Expand your Make-up Horizons. Women, never settle for anything less than feeling beautiful! From: Learn-Makeup-Tips Date: Friday, January 15, 2010 Women love feeling beautiful. That tenet makes the cosmetics industry one of the few that can thrive in a recession economy. Fashion and beauty magazines have never been more popular. Women are always looking for that secret tip, that cutting edge trend to stand out in the crowd. But there in lies the problem. Average women are often left feeling depressed, inadequate and unattractive after flipping through the pages of Hollywood rags. Average women do not have access to personal stylists 24/7. Dont worry ladies, help is on the way! Makeup is Art. And Im the Artist! You and my celebrity clients have one very important fact in common - your femininity. You wake up in the morning the same way a movie starlet does, without a stitch of makeup. Often the similarities end there. Im soon called to the set or to the actress home to get her ready for her close up. But this is the real world. You dont have the luxury of summoning your neighborhood make up artist to your doorstep. Thats about to change. Learn the techniques celebs use to keep their skin looking young and vibrant. Learn how to get deep, penetrating eyes and luscious lips. No harmful surgeries or injections required. Learn to love the skin youre in. Discover that the right makeup for your color and shade can make all the difference. Learn that keeping it simple will always keep your appearance sexy. There are many other secret tips I am this close to sharing with you courtesy of my one of a kind makeup tips Ebook. My Ebook has worked wonders for women from all walks of life. Why Will This Work for Me? Why did it work for the countless number of women who have embraced it? Because it adheres to the most basic cosmetics principle - less is more. It amazes me how many women get this wrong. You know what Im talking about. How many times have you stood next to a woman in a restaurant bathroom wearing enough foundation to merit a chisel? How many times have you had to lie to a female colleague wearing the absolute wrong shade of lipstick? How can you tell when a woman is wearing the perfect amount of makeup? When its impossible to tell if shes wearing any to begin with. It sounds simple. Thats because it is. My make up tips Ebook will offer an easy to follow, step by step approach to proper cosmetic

application. You'll be ready for the runway and red carpet in short order. Here are some immediate and lasting benefits to choosing the right makeup: Stop the effects of premature aging. Sure, moisturizers and anti-aging creams help but protecting your skin from harsh cosmetics chemicals is key. Reduce acne and other unsightly skin irritations. Mounds of foundation are not the way to go. Learn the many natural options to give your skin a lovely glow. Get noticed for all the right reasons. Soon your outward confidence will translate to inner confidence. Make other women envious. Make men swoon. Celebs Must Hate Having Their Secrets Exposed On the contrary. The majority of my clients are eager for me to share their beauty secrets with the public. Believe me, they experience the stresses of balancing their professional and personal lives much the way you do. Feeling fabulous is the best way to combat stress. With that, my Ebook believes that like cosmetics when it comes to stress, less is more.
