Dear fellow guitarists, Do you love the blues? Does the thought of playing blues guitar like Stevie Ray Vaughn, BB King, or Eric Clapton really get you excited? If so then keep reading because this may be the most exciting thing you have ever read. The blues are essential for anyone halfway serious about learning to play the guitar. Not only are the blues fun and easy to play, they are the basis for thousands of rock songs. Groups like the Beatles, Led Zep and Rolling Stones on up to contemporary guitarists like Eddie Van Halen and Steve Vai have been influenced by the blues. Plus, the blues are a staple at all jam sessions. There is just no way around it...you have to have a basic working knowledge of the blues. That's why I have put together this special report... Blues Guitar Essentials The Beginners Nitty-Gritty Guide To Getting Started With The Blues What is Blues Guitar Essentials? Its just what it says it is. My goal in writing this report was to give you everything you need to start playing the blues right away. You can be certain that every technique in this report, when put into action will put you on the road to playing blues guitar. Notice I said put into action. You dont get something for nothing. You have to practice. If you arent willing to put the time and effort into learning the guitar, it aint gonna happen. Some people are willing to make wild and crazy claims on the internet telling you that you can learn the entire fretboard in 60 minutes, or play guitar like a pro in 7 days. Not me! I am not promising that you will be the next great blues guitarist after working through this report. But I am promising to give you exactly what you need to get started playing the blues. And if you are willing to put in the time and effort...who knows? Here is just some of what youll learn Blues Guitar Essentials 1. The 12 bar blues...this is the most basic and often used form of the blues. 2. The three chords that most often make up the blues in every key. 3. How to play the blues with both open position chords and barre chords 4. How to play a shuffle. (This is one you have heard many time whether you realize it or not) 5. Two different simple patterns that will allow you to play the blues in any key. 6. Multiple examples in notation and tab that clearly demonstrate how to play the blues. 7. How to play a major blues 8. How to play a minor blues 9. Five different ways to play the blues scale 10. Example licks to get you going on the road to playing blues leads 11. And much more Think Im through yet? Not by a long shot. Because when you order your copy of Lead Guitar Tactics,

Why Should You Immediately act On this offer? I'll give you not one but three reasons

Reason 1: Information that you absorb instantly. In Blues Guitar Essentials, you will be given a set of extremely simple but powerful instructions you can use right away to start playing the blues right away.

Reason 2: You've got nothing to lose. I have been testing these methods with my students for years and I am totally confident that these methods will work for you too.

Reason 3: Price This is the first time I have offered this report publicly. My students have been getting this in their lessons for years. In fact, they pay me \$50 an hour for private lessons. If you were to total up the number of lessons that it would take to get this information, it would cost you at least \$500. You can have it now for a ridiculously low price and it's a steal at that price, but it won't stay that way for long. This is a special introductory price and I plan to raise it

soon. Dont delay. Why pay more when you can get it at this price and use this information right away. If you want to take advantage of this offer do it now. Really, theres nothing left to say. Ive done just about everything possible to get you started with Blues Guitar Essentials right away. In fact, if theres something I havent done (short of giving it away, which I practically have) that you think I should have - let me know. Otherwise, itll be a huge mystery if you choose not to get in on this deal. Think about it, you could keep stumbling and fumbling around trying to play blues guitar or you could follow a proven plan to blues guitar success. So what are you waiting for to make your guitar playing dreams come true? Get going now! To Your Guitar Playing Success, Bob Murnahan Imagine jamming with your friends and how surprised theyll be when you whip out some cool new licks and how you will feel then.
