

Improved Public Speaking:nlp Subliminal Self-help Audio Mp3

[DOWNLOAD HERE](#)

This is a subliminal hypnosis/NLP MP3 recording - the messages that speak directly to your powerful subconscious mind are inaudible to prevent your conscious low self-beliefs from limiting your confidence in public speaking. The actual audible part of the recording is beautiful relaxing and healing sounds - helps you unwind, relax or sleep at night. This recording is absolutely perfect for the nights before having to give a presentation or whilst preparing for the presentation on a train journey. Its not distracting, its relaxing music so I find I can listen to it on the train whilst reading through my presentation notes. If you are terrified of speaking in public this MP3 will help. I suffered from social anxiety and lived on the autistic spectrum - I was terrified of even saying hello to anybody let alone public speaking. Now I travel all over the UK giving lectures and motivational speeches. I am no longer afraid of speaking in public I actually love to do it! You will too and this wonderful audio will help! Dont forget this audio comes complete with Master Resell Rights - You can resell it for 100 profit as an MP3 or duplicate on CD Tags: im, plr
