RSS Traffic Detonator..... RSS Traffic Detonator RSS Traffic Detonator submits all of your feeds to the major feed directories automatically with the push of a button and completes all the submissions in minutes rather than hours! When you open the RSS Traffic Detonator interface you will be prompted to enter in some basic information such as the title and description of your web site, plus the actual link to your RSS feed, the category of which your RSS feed falls under, and a few other small things. It will then save this information for future use so as you build more and more RSS feeds up, RSS Traffic Detonator will remember them for the next time you use the software. Tags: rss
