As you already know, there are hundreds if not thousands of different ways to make money on the Internet. You can write an e-book, build your very own membership site, sell your design or sales copy writing skills or even sell physical products on Internet auction sites. The problem with most of those ways of making money is you need to have your own product or skill to sell to people. Developing your own product takes a lot of time and hard work and even when you do create that product, how will it compare to the thousands of others on the exact same subject? Dont get me wrong, having your own product is great and so is providing people with a service they need. But there are easier ways of making money online, much easier! There is a way, an easy way to start Making Money Online ASAP Without Developing Your Own Product, Selling Your Skills or Having Anything of Your Own to Offer Its called Affiliate Programs. These programs allow you to choose an already existing product, send traffic to it and get paid a large commission for every sale! Thats great, but here is the exciting part: Regular affiliate programs pay you once for every sale you make, so in order to keep making money you have to keep selling products. But Wouldnt it Be Great if Every Sale You Made Kept Paying You Month After Month After Month!? And that is exactly what this letter is all about! Its about something called Residual Income Affiliate Programs. These programs are great because not only do you NOT need your own product or service, but you dont even need to keep promoting them every single month just to keep the money coming!
