Dear Internet Friend, If you were to search the Internet for Autoresponder Email Software you would find company after company trying to pass off the same old, run-of-the-mill autoresponder system as their own high-tech autoresponder software. The truth however is, they re all selling the same old out-dated autoresponder email systems. Yes, their autoresponder systems can send a series of autoresponder email messages, they can accept subscriptions, and some of the more sophisticated ones can handle things like HTML email. However their autoresponder software features are simply the basic bare minimum every Internet Marketer and online business needs to only just get by. If you want to really sky-rocket your email response in this competitive marketplace you need more powerful features to make your emails stand out from the rest of your prospects flood of daily email messages. Introducing - The Next Generation Autoresponder Software... MM Responders is a software script that runs on your web site, which enables you to setup and automatically send Unlimited Multi Media Autoresponder emails, Unlimited Multi Media follow ups, Unlimited Multi Media broadcasts and Unlimited Multi Media campaigns. Please don t mistake MM Responders Software as any run-of-the-mill email autoresponder. MM Responders Software does things no other autoresponder on the market does. With MM Responders you can send emails in the following formats automatically: Multi-media autoresponder system - Plain text autoresponder emails Plain Text Autoresponder Emails Multi-Media Autoresponder System - HTML Autoresponder Emails HTML Autoresponder Emails Multi-Media Autoresponder System - Audia Autoresponder Emails Audio Autoresponder Emails Multi-Media Autoresponder System - Video Autoresponder Emails Video Autoresponder Emails Look At The Possibilities With Multi Media Emails... Multi Media Product Announcement Emails - Increase your orders with new product announcements by using Video Email to sell and demonstrate the product in action. If you are selling a product as an affiliate you will stand out

from the crowd while all the others use the standard text email that is normally provided by the affiliate company. Order Confirmation Video Emails - Thank your customers for their order with a follow-up Video Email. This gives them reassurance and the feeling of a more personal service, reducing refund requests. Customer Support Emails - Cut down on customer service resources. Instead of telling your customers how to do something complex using a number of text emails, show them with one Video Email. Reduces confusion, we all know it is much easier to do something if we are shown how to do it. Multi Media Autoresponder Courses - Instead of letting people read your lessons, let them hear or watch them. A multi media autoresponder course immediately creates the impression of higher value than a plain text course, even if it contains same content. Multi Media Email Newsletter - Make your ezine newsletter come to life. Using audio commentary and/or video to promote new ideas to subscribers. Video / Audio Testimonials - Imagine the massive impact your sales will generate with your customer testimonials on video / audio. The effect of multi media email testimonials have over plain text testimonials is astonishing. They add pure realism and support to your offers. The possibilities of using multi media emails are truly unlimited All this is possible and much, much more with MM Responders Software.
