Safeguard Your Web Pages From Ruthless Cyber-Thieves Who Are Determined To Rip You Off! Sales Page Lockdown ensures your pages retain their value and dont suddenly proliferate all over the web making it look like you just copied someone elses design. Sales Page Lockdown also disables: Text copying via right mouse click Text selection Page printing Offline use Links display And more Now You Can Encrypt & Protect Your HTML Pages With Passwords - All in a Few Clicks! No Special Programming Skills Required! Sales Page Lockdown uses strong encryption algorithms to protect your page content and further ensures the safety of that content by requiring you to select a password. Using these methods, the program will prevent anyone from viewing your source code or stealing your art work. However, all of your encrypted pages will have the exact same appearance as the original pages and can be viewed in all modern web browsers. You see, Sales Page Lockdown modifies the source code of a web page making it unreadable and non-editable without changing the way a page looks in a browser. Here is even more of what Sales Page Lockdown does: Protects your PayPal links Hides your original HTML source code Prevents your images from being copied and used by someone else Creates special password-protected pages Stops right-clicking Stops offline browsing Stops URLs from being displayed in the browser bar Works with any web host This product is inclusive of ready made web site allowing you to resell this software instantly. Additional items such as graphics, marketing articles, promotional text and other items may also included with the package as well.
