Self-help: People who want to become wealthy often have two basic needs they must address. They want to build toward monetary stability and they want to free their lives from obligations such as debt. There isn't anything wrong with these reasons except they create a contradiction. How can anyone feel responsible for his/her happiness and yet free of obligations at the same time? This is an impossible situation, yet we all constantly try to attain this contradiction of reality. By advancing our imaginations we can build a more realistic future. Using his popular 30-day exercise format, Mr. Pace will lead you through the steps to free your mind to visualize and implement the plans to achieve your monetary goals.
