If you're struggling to get traffic to your blogs, stop and read this: New Research Reveals That 95 of Bloggers Suffer From the Pathetic Blog Traffic (PBT) Disease, And You Could Be One of Them! Ask yourself if you feel like this every day: 1. You're emotionally stressed out because nobody wants to visit your blog... 2. You're paranoid & check your blog stats every 10 minutes hoping for a miracle... 3. You're bitter and cynical when you see other peoples BIG commission checks... Read the rest of this page to discover how you can cure this condition once and for all, and generate tons of eager buyers and loyal customers to your blog instantly... From the Desk of Gobala Krishnan & FBM Date: Wednesday, September 19, 2007. RE: The Cure for Lack of Blog Traffic Dear Frustrated Blogger, We're at the brink of the worst epidemic in Internet marketing history. This disease is dangerous and infectious. But it's not a disease that affects your body It affects your mind. This disease, which starts from severe depression due to the lack of blog traffic, has already claimed the willpower and spirits of thousands of would-be millionaires. If you're already suffering from PBT, I strongly recommend that you fight this disease now with everything you have, before it completely kills off your blog, and your motivation for success. But first let me tell you about me, and why I'm recommending this cure to you... You see, a few months back I was an absolute newbie in the blogging world. In fact, I was afraid of the word blog. To me it just seems like a whole lot of baloney mixed with a toxic dose of jargon that just was not worth my time... When I finally decided to take the plunge and give this blogging thing a try, I began to feel nauseous, overwhelmed by the amount of new things I had to learn from scratch. I started to get emotionally stressed out. My blog traffic was pathetic, and I had no idea how to change the way things were at that time For no apparent reason, I started checking my blog stats to see if I had more visitors than yesterday. I did this like a mad man, and till this day I can't really explain why I behaved like I did.. Why was I doing the same things over and over again, expecting different results? I don't know... I started to get bitter and angry when I saw other people boasting about how much money they're making. I HATED to see all those big commission checks people were posting on their blogs Soon, I realized that I was suffering from PBT or Pathetic Blog

Traffic. I know a lot of people like you face the same thing every day. You want to make more money and you know that the key to that is to start getting more traffic to your blog.
