"Let's Face It: Customers Are Sick To Death of Pop-Ups, Fly-Ins, and Pop-Unders!!!" So That Means They're Probably Running From Your Site Like A Bad Smell! Advertising Is Supposed To Attract More Sales - Not Scare Them Away, Right?!? -- Well, Welcome To The Ultimate, Non Intrusive, Cutting-Edge, Most Incredible Advertising Method Available Today... Dear Online Marketer, Have you ever wished that..... Your Customer Are Actually Excited To See Your Advertisements Consumers are exposed to hundreds maybe even thousands of commercial messages per day in one form or another -- from the boring, copy-laden radio commercial to the easily skimmed, forgettable newspaper ad, to the billboard on the side of the bus to the logo on the side of the building and finally to those annoying Pop-Ups you see on every other website! Research from the University of Washington conducted in 1999 stats: The average American is exposed to 500 to 1,000 commercial messages a day . That's anywhere from 182,500 to 365,000 commercial messages that a person will view this year alone. And that was way back in 1999!!! Imagine what it probably is today! It's no wonder that people have become "Banner Blind" and constantly block or exit from Pop-ups with their itchy trigger finger. Isn't there something else? Something that is less intrusive yet more effective. A type of advertisement that makes my customers WANT to see it, instead of Repelling them from your site? YES! Finally There Is! It's a New Breed of Ads that's not only pleasing to the eye, but also incredibly effective in drawing in your customer's attention, causing them to click, and most importantly getting more of them to reach for their wallets because they're actually interacting with your ads now instead of running from them. Here's How It Works. The customer sees a small animated "peel" on the top right corner of a page. peel02.jpg picture by dekkerkees Once he or she passes his mouse over it the Web site"Peels Away" to show the Ad. peel03.jpg picture by dekkerkees Here's Yet Another Example of Existing High Tech Expensive Ads peel04.jpg picture by dekkerkees BUT...These Non Intrusive, Super Effective ads have been available only to Big Corporations with deep advertising pockets... What we are showing you makes you more money, Large Corporations pay BIG BUCKS to access this Top Notch Technology and now we are making it available you for next-to-nothing. We're so confident of Peel Away Ads that we're backing it up with our reputation and money. You'll get our personal... A Few Easy Steps, And You'll Have Attractive AND Converting Ads In No Time! To be honest, wel really don't know how you can follow the steps and not convert more than you do, by a long shot. Do you really think we would put our reputation on the line with a product that doesn't deliver? No way. We've worked too hard to get where we are. We know that traffic doesn't magically flow to your site, but you will see a higher conversion rate from the traffic you already have. You

simply have to follow our simple instructions either by reading the manual or watching the step by step video. And best of all... You Don't Have To Mortgage Your House! Have you seen what the so called "Online Agencies" charge for "Effective Advertising" these days? You almost have to take out a second mortgage to afford it. Don't get us wrong, some of that stuff is great, but you shouldn't start there. Build an effective strategy to convert what you have, then decide if you want to pay others to drive more traffic to your site, once you know your advertisements convert. First things first. That's why we're doing something unheard of... We could easily charge you $167 for this, because that would still be a crazy cheap price for what you're getting, and still way cheaper than any other half-way decent (but not as good) "advertising method" out there...but we won't. We thought $97 or $67 would be perfectly fair, considering you can easily make that back with the increased conversion on only one of your sites. But you won't pay that either, because we want people to take action NOW without even thinking about it. Instead,... You'll Only Have To Invest A Measly ONE-TIME Price of $167 $127 $97 $67 - Just $24.95 For All This! We haven't lost our mind...there's a method here... This introductory offer is a necessary first step, but it won't last. We want tons of people to get this, use it and give us shockingly good success stories and testimonials - then we'll raise the price back up to our official $97. Get in now. Why wait until the price goes up to $97, or even $197? Do it NOW for just pennies on the dollar... You Can Make Nothing, Or You Can Pay Next To Nothing And Make Tons Of Cash - The Choice Is Yours If deciding what the right advertisements you should use on your web sites in order to best monetize them has always confused you, why continue to struggle? Cut right to the chase -- it's time to start seeing your dead sites start making money in no time. Most people struggle to get at least $250 per month in advertisement profits from their site. That's insane! Hold Up....WAIT!!!! peel06.jpg picture by dekkerkees Order Today And You'll Also Receive...
