Most of us have trouble keeping track of our finances and making financial plans and decisions. Family Finance Planner is a brand new, quick and easy software tool which can help you to manage your finances. It will help you to track where your money is going, help you to make important financial decisions and work out how to save up for things you really want. Here's just some of the features of this amazing brand new software... Comprehensive monthly home budget tracker allowing you to keep track of all your expenditure each month with a built-in feature to track how much over and under budget each item is, as well as automatically calculating all the totals for you. Income/expenditure tracker to keep detailed records of your income and expenditure Yearly budget tracker allowing comprehensive data to be tracked over the period of a year, with automatic calculation of all totals. Investment projection calculator to calculate how long you will need to save up before you can buy something you want, like a car, a holiday or a deposit for a house. Car loan calculator to help you calculate whether you can really afford that new car you've always wanted. Car Leasing/Purchase calculator to automatically calculate whether you would be better off buying or leasing a new car. With all these powerful financial facilities at your disposal, you'll soon be able to keep your bank account balanced, your bank manager off your back and work out how to afford things you really want! Full Master Resale Rights Included Free! Your copy of Family Finance Planner comes complete with Master Resale Rights. This means you can sell the software yourself and keep all the money.
