By now most of us have discovered Craigslist. And hopefully you can see the great potential to make money that it has. Craigslist gets over 5 billion page views a month. That means there are a lot of people doing business, which means a HUGE amount of money changing hands, and most importantly, a ton of great deals waiting to be found! The trick is finding the deals. And this just happens to be a subject that Ive mastered. Im Steve Cherubino, master buyer and seller on Craigslist. Ive made a living buying and selling, which allowed me to start my own dream business and open up my own computer shop. We can safely say I know the ins and outs of Craigslist and Im certain you can double or triple your monthly income if you follow my lead. You dont have to be a avid seller or buyer to use my advice. This book is for anyone who has already, or wants to, buy or sell anything on Craiglist. In fact, the only qualification one needs for getting this book is the desire to make more money. How much more money? Ive made up to \$5000/month, doing this part time! Its quite easy and Im quite certain anyone reading this can do it too.
