Restaurant Directory Script

[DOWNLOAD HERE](#)

The Restaurant Directory script allows people looking for a restaurant to browse available restaurants for free. The restaurant listings are detailed with features, photos, menu items, prices, etc. Restaurant owners/individual information and can also include driving directions. Restaurant owners and individuals can also list a restaurant for a fee. After a new dealer has registered, he/she is able to select and buy a package depending on how many listings they would like to to post and for the length of time they would like to post them. Payment can be done via PayPal and registration is automated. The restaurant owners will receive a few emails - 10 days before his account will expire, 5 days, 1 day. 24 hours after his account expiration date, all his listings and his account will be deleted automatically. The restaurant owners are able to upload their banners too. Detailed statistics are provided for each of them. Siteadmin panel: 1. Admin can add/edit/delete listings 2. Admin can add/edit/delete unlimited categories and subcategories 3. Admin can add/edit/delete/approve dealers 4. Mailing list manager - send emails, delete subscribers, message archive 5. Banner manager - view/delete banners 6. Manage the site settings - title, keywords, description, paypal email, Contact email, company address, agreement, add/edit/delete different priorities and prices. 7.
