First, let me tell you something that you may not be aware of before we move on to the pitfall that you need to know about... Getting a person who has just spent money with you to make an additional purchase is 100 times easier than getting a non-customer to make a first time purchase. I suggest you read that statement again and really give it a chance to melt into your subconscious because it could prove to be the most profitable thing you implement into your current online business efforts. Now on to the pitfall... Writing effective follow-up and up sell messages to get people to pony up that additional dough for an additional product or service is very difficult.
