Easily Build Unlimited Auto-Updating Niche Video Clip Websites Using YouTube Videos Video sites are hot and their popularity is sure to explode in 2009. People love looking at video clips, and the search engines love video clip websites. Now you can cash in on the video craze by automatically compiling topic (niche) related video websites that people will love! Make sure you get in on the VIDEO CRAZE in 2009! Now you can build an unlimited number of money making, auto-updating hot niche video sites. One of the easiest ways to create online success is to catch the leading edge of hot trends. Online Video websites are THE hottest growing trend, and will only get more popular. Video websites are the most visited websites on the planet, because people love viewing video clips. Think about it, if you're like most people, the last time you visited a video site (like YouTube) you probably spent several minutes, to hours looking at videos - watching short video clips is fun and addicting! Now you can create an unlimited number of fun and addictive video websites, that people love to visit...with the click of a button! You can easily create video websites, related to unlimited niche topics! "Using This New Software, Anyone, Anywhere, Including You - Can Easily Add Video To Your Websites Or Even Create Your Own Video Websites In No Time Flat!" No technical "know how" is required. You don't need to know anything about YouTube APIs, PHP, MySQL, .htaccess or any other scary technical stuff. You don't need to be concerned with video site related issues like video storage or video bandwidth. YouTube hosts the videos that will be displayed on your site. You create the positive experience for your visitors, YouTube provides the videos, and VideoClipWebsites ties it all together. Don't make the mistake of trying to build an all inclusive YouTube clone video site - you will never be able to realistically compete with huge corporate backed entities like YouTube! But, you can profit from segments of the huge video market, by creating niche sites, using YouTube videos - cool!! The huge video website market is now open to the "little guy". The script is very easy to install, and takes no work to maintain. Just install it and let it go! - No MySQL database required - Auto update content from Youtube website - Use Youtube new GData API, no need to get Youtube developer key - Include User profile section, uploaded videos, favorite videos, and user playlist - Search for Videos by name, tags or author - Search engine friendly URLs - Create multiple

pages based on additional keywords - Fast and low resource, using CURL (optional)) and cache files -
Built in automatic bad word filter - Powerful templates based on the Smarty Template engine - Easy to
use configuration screen Private Label Rights Included.
