Imagine this... It's early in the morning and you have just finished creating another issue of your newsletter. It took you a few hours to write it, put it together, and make it ready to send out to your subscribers. So you hit the Send button and watch as your newsletter goes to your subscriber's mailboxes one by one. Then you go to drink a cup of coffee and get some fresh air. After 10 minutes you come back and check your stats and see that 1,665 of your subscribers have opened and read your newsletter instantly. Also you have received 13 thank-you emails from your loyal, happy subscribers thanking you for another helpful newsletter. You are happy, but not surprised... because this is what happens every time you send a new issue. It's all because of this: You have a successful newsletter. Now Let's Come Back to the Real Time...
