

Article Submitter With Rights!

Now You Can Drive Insane Traffic To Your Web Site Using The Magic of Article Submission... ..and it all happens practically on autopilot! I was totally amazed when... .. I finally stopped to add up all of the money I had been spending on advertising my web site. Fifty dollars here, a hundred there pretty soon it had become a substantial amount of money and I wasn't seeing much in return. On top of all that, I was pouring more than I care to even think about into Google and Yahoo ads.. That's why I created My Article Submitter! You see, like many of you I had read all of the Internet marketing "how to" books, and I had become convinced that it took money to make money. Those books told me that I had to buy ads in the major search engines, rent e-mail lists and pay to ads into e-zines. So I clicked on the links to the programs that they recommended and I spent and I spent and I spent. I did EVERYTHING that the "Gurus" told me to do and I ended up spending more than I was making. I felt deceived! Does it frustrate you that you have been lied to, ripped off, and literally been taken advantage of by blood sucking MLM, and internet marketing program owners? The reason you, and many others, may not have found financial independence yet, is because these owners are only interested in getting rich quick, leaving you poor fast! Dear Internet Business Owner, I read all of their books and I even spent good money attending some of their seminars. I didn't see it at first, but after I began to realize that I was bleeding so much red ink thanks to bad advertising advice that didn't work as promised, I saw what was really happening... .. many of these so-called "Gurus" actually were making all of the money that they claimed, but they weren't making it selling products. They were getting rich by convincing everyday people like you and me to click on their affiliate links and waste our money buying advertising that we really didn't need. They were getting fat off of our money and, honestly, there weren't too many who really cared if what they recommended worked or not. They only cared about their mega affiliate income. So the day came that I decided I was going to stop making other people rich and start investing in myself. I went to Google and typed in the phrase "free Internet marketing advice" and I hit the jackpot! I found hundreds of articles about Internet marketing tips, trick and tactics and it didn't cost me a penny to buy any one of them. They were FREE. And that's what got me thinking.. "Why in the world would so many people spend so much

time writing free articles and getting them distributed all over the Internet?" I began to examine the articles more closely as I read them and a few interesting patterns emerged. Of course, the first pattern I noticed was that I had found all of these articles by simply searching for a specific key phrase in Google. So I went back to Google and tried other key phrases. I didn't just concentrate on marketing phrases either. I love to enjoy and work on my backyard pond, so I searched on the phrase "water gardens" and hundreds of articles came up. I then searched on the phrase "restoring classic cars" and thousands more articles came up. No matter what phrase I searched for in Google I found hundreds or even thousands of FREE articles written by people who actually knew what they were talking about! But I still didn't have the answer I was looking for... What was in it for the authors of these articles? Why were they spending their time writing free articles for you and me to read and enjoy? As I looked deeper, I realized that many of these articles were posted on article repository web sites. These were huge article directories that held thousands of articles on nearly any topic you could imagine. I noticed that each of the articles in these repositories pulled up Google AdWords when you read them. "Ah ha!", I thought. "The article site owners are making their money from the Google ads, but that's not helping the actual authors." I kept digging... It wasn't until I reached the part of the article known as the "Author's Resource Box" that the "Aha Ha" light really went on and it hit me smack between the eyes! These authors were using their articles to establish themselves as experts in their particular subject matter! Because the articles weren't actually paid ads, people were reading them from top to bottom and then going to the Author's Resource Box to click on the link to the Author's web site. Once they reached the Author's web site they invariably found something for sale! Since the person reading the article was already convinced of the Author's expertise in the particular subject, the chances were better that a sale would take place! But making sales this way was just one of the benefits of distributing free articles. There were others as well! The more article directories that a particular article was posted to, the more "back links" there were to the Author's main web site. Since Google sees back links as an indication of an "important" site, the Author's Google ranking was benefiting. The more people who read the Author's article and clicked back to the main web site, the more traffic the site received. Alexa ranks sites based upon traffic, so the Author benefited that way as well. And finally, many of the authors had Google AdWords displayed on their main site, so they were earning revenue whenever a visitor from one of the article sites came and clicked. I had accidentally stumbled on the mother of all sales and traffic-generating "secrets" of the Internet and it didn't cost me a

penny! Even better, I now knew how to drive all of the free traffic to my site that I could ever want, but there was still one problem... I didn't have near the time available that it was going to take to get my own articles posted to enough article repositories to make a real difference in my sales and traffic counts, but when I looked at the automated article posting solutions out there, I was underwhelmed. The free Article Submitters were a joke. They were little more than thinly-disguised SPAM machines that would eventually get you banned from the best article sites. The moderately priced ones seemed OK, but they lacked the professional features that I was looking for. Feature one Article Submitter has 138 Auto Fill article directories for you to start posting your articles to! It also has an additional 25 Manual fill articles directory sites as well. Feature two You will have the ability to edit the included Article Directory submissions sites! What if one of them closes down... you just delete it from the list of directories in the software. What if another Article Directory site starts up that you want to submit to? You just use the Add Directory button and add as many additional sites to the software as you can find! We have 163 Directory sites already loaded in but you are welcome to load in as many more as you wish. There are some brand new submission programs on the market proclaiming themselves to be the best, but they are just a "pale copy knock off" of Article Submitter. They lack security and accuracy of submission, and contain only a fraction of the features. Some of these other software will have you submitting articles where they are not wanted and many of them even post a link back to their software right in your articles that you submit. No where in any articles you submit will you ever see any mention of us or our software, not to mention the Article Directory owners will not have any idea you used a submission tool, your articles will look totally hand submitted. Feature three Article submitter does not just allow you to load in 500 articles and hit a button and forget it. Any software that promises this is doing nothing more than spamming your articles all over the Net. Article Submitter software stores all of your personal information, resource box, and articles. It then will proceed one at a time to go to each of the articles sites for you, log you in and auto fill all of your content including your name, your article, your author resource box, even an article summary on any sites that ask for it! You will then need to manually select a category- this is the only real way to make sure your article ends up in the right place when we are talking about 163 article sites. You then click the submit button and bam... you have just submitted another article and it appears totally manual and natural to the article directory owner which is a must if you want your article to actually get published! As you can see, my Article Submitter is EVERYTHING you need to start driving insane traffic to your web site using

the magic of free articles.
