

Fan Page Viral Script

What is More Powerful Than Facebook Friends ? Facebook FANS Your Limitless Marketing Resource. Facebook Fan Pages, also known as Facebook Public Profiles, are profiles intended as promotional pages. Everything on a Facebook Fan Page is accessible by the public. If you want to promote something, whether it's a product, group or event, you should create a public profile instead of a personal profile. The two page types are very similar. As personal profiles do, for example, Fan Pages give you the ability to post status updates (great for news feeds). But unlike with friends, you are not limited to the number of fans that you can have and...they are viral ! To take advantage of the viral nature of Fan Pages you need to attract viewers and entice them into "opting in" to where they will receive a free tip, gift or other valuable offer. To make it as easy as possible for your fans, you can upload a "script" to step them through the process. Highlight your offer with colorful graphics and encourage them to "share" and "invite", and watch your fan base grow into a powerful, targetted marketing "list". Introducing: Viral Fan Pages Your friends and FANS are your best customers! The script's creator says: "To help you tap into this virtually new method of marketing I created a Fan Page Viral Script that will help you Generate Fans, Build Huge Opt-in List, Send Traffic to your website and over increase your Profits." The script has a 3 step process that requires the visitor to "Like" your page in order to reveal the next steps in the process where they will be asked to Share a small message about your Fan Page on their Wall and in the final step before they get their promo code, FREE Gift or what ever it is your offering to entice visitors to go through these 3 simple steps they will be asked to send Page Invites to their friends thus creating a massive viral effect for you...
