

# Theory And Technique Of Ballroom Dancing - Victor Silvester

[DOWNLOAD HERE](#)

Originally published in 1932, this is a wonderfully detailed guide to ballroom dancing by the then reigning world champion dancer. The book covers everything that is essential in connection with ballroom dancing, from a detailed description of the standardised figures down to the finer points which proclaim the expert dancer. It is a book that will make its appeal both to the novice and to the experienced or professional performer. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
