"Discover the Natural Herbal Cures and Remedies Used to Treat Illness and Disease for Hundreds of Years...STOP Using Unnecessary Drugs and Pills, and Learn the Natural Cures Doctors Never Informed You About!" Remember Your Mother Telling You That "An Apple a Day, Would Keep The Doctor Away"...Could Be Absolutely True?! From the Desk of John Doe Memo: "You'll Be Surprised to Know..."

Dear Friend, Do you suffer from any illness or disease and have tried every treatment out there without much success? Are you sick and tired of spending \$10, \$50 or \$100 on drugs or pills that only end up making you feel more sick and nauseous? Well you will be surprised to know that there is another way; a much healthier alternative that has been around for hundreds of years! Yes, natural herbal cures have been around from the beginning of time, but we rarely even use them because of the amount of media and advertising surrounding the importance of pharmaceutical synthetic drugs. "What the Drug and Pill Companies Don't Want You to Know About!" Considering the mass amount of doctors and specialists in the medical industry, only a handful of specialists in various parts of the world promote the use of natural remedies to treat disease. The fact is, there are alternative ways to cure and prevent disease - Also, eradicate them. There are also natural, non-drug and non-surgical ways to cure and prevent virtually every disease, but drug and food companies never promote these methods of treatment because pharmaceutical drugs and treatments are big money...and that's the truth. Until now, the public has been deceived by a highly organized and extremely well financed advertising from the media. Fake claims have been passed off and we now believe that the only way to treat any symptoms of illness or disease to purchase off-the-counter drugs. This is simply not true! "What's The Wisest Way to Cure Your Disease?"

Based on scientific evidence, it is clear that the safest and most effective treatment for various diseases are right in our households...A mixture of natural fruits, vegetables and herbs are some of things needed to prevent or cure disease. I'm not teaching you how to make a fruit salad - With the right combination of ingredients, a cure can be created in the privacy of your own home! Many off-the-counter drugs are made from natural extractions from plants, but of course, synthetic materials are combined in the mix - This causes the side effects you read and hear about.
