Personalize with Ringtones, Images and Videos*: Transfer and store pictures taken with your cell phone camera to your computer. Never have to worry about filling up your cell phone memory again! Take as many pictures as you please and store them all on your computer. Personalize your phone by creating your own ringtones and adding personal pictures or videos to your phone. Synchronize: Never lose your data if you lose your phone. Transfer and store all your phone numbers on your computer. With just one click synchronize all your phone contacts, calendar and tasks. Choose from Microsoft Outlook, Outlook Express, Lotus Notes or the in-built Motorola Phone Tools phone book and calendar client. The intuitive synchronization wizard guides you through the process of updating your calendar and phonebook and provides a backup on your computer. Message: Send text messages from your computer keyboard for greater speed and simplicity ? no more struggling with the phone keypad as you type that SMS. Use your cell phone as a modem: Look up important information on the go when you need it the most. Connect your laptop to the Internet using your mobile phone as a modem virtually anytime, anywhere. Connect Wirelessly with Bluetooth*: This software is already Bluetooth compatible. If you have a phone with Bluetooth wireless technology, you can connect your phone to your PC with Bluetooth technology. For this connection your PC must also be Bluetooth compatible. If it is not, combine Motorola Phone Tools with Motorola's PC850 Bluetooth PC Adapter. System Requirements Windows 2000, XP and all Vista Operating Systems (not compatible with XP Media Center), Pentium 466MHz or higher CPU 64MB RAM 120MB Free Hard Drive Disk Space 256 Color VGA or SVGA monitor MPC2 compatible CD ROM drive One available USB port Mouse or other pointing device Connection Options Bluetooth USB Cable Network, subscription and SIM card or service provider feature. Some features may be disabled by your wireless service provider. Certain features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or the provider's network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality.
