Which is why I have decided to create this guide to answer - once and for all - the common questions on how one can tap into the Private Label Rights market. But before anything else, let's get a few facts straight here: This Guide Is A Must-Have For You IF: You are new to Private Label Rights. You want to know what Private Label Rights really is all about and how you can tap onto this particularly wonderful Internet Marketing niche. You are looking for an additional income stream from your digital product. You already own a digital product of your own and are looking for another way you can earn money from the same product without exerting too much extra effort in the process. You want to know how you can make your money from Private Label Rights. I show you how you set up and market your Private Label Rights business, A-Z. Warning! This Guide Is NOT For You IF: You are lazy and expect the guide to do the money-raking work for you. I offer you the map to making your buck, and nothing more. I am NOT going to offer you a lift there financially, and that is for sure. How many tourist maps did you find in a convenience store that comes with a car? On the same analogy, don't expect yourself to be a dollar richer tomorrow just because you own this guide. You will have to do the walking. If you hate to hear this, you will do well to turn away from this page, now. You are expecting to make a quick buck from my guide. You may make more than \$3,000.00 in a shorter period of time, or you may make less money than you expect in the long run. I don't know

you, your work ethics or your attitude towards success and business. But if you are expecting fast money, I am sorry to disappoint you but you would not find it in my guide, nor my approval on that for that matter.

How Much Is This Guide REALLY Worth To YOU? Consider the following: At this time of writing, I have made approximately \$3,000.00 in sales from selling Private Label Rights - alone. Obviously, the figure is NOT theory. It's real. What would you do with an extra \$3,000.00? And the best part is that this is not my main and only income stream and that the money was made in a short period of time - one month, that is. I can teach you how you can do the same and earn more... if you want to! I have spent almost 70 hours in writing this guide out for you. A ghostwriter would have charged at least \$1,000 for this guide done. If you don't know what to look for in a Private Label Rights product, good and bad deals look the same and when you make an investment mistake, it will definitely cost you money. Not a good thing to happen to someone who is on a tight budget and if you have extra money to spare, shouldn't it go into something more worthwhile? Look, 70 hours, \$1,000 and stupid mistakes are very, very expensive. I can understand if you cannot afford 70 hours, \$1,000 and doing stupid mistakes, but you CAN afford \$27, right? That's pretty much a steal because for only \$27, you get to have my "brains" on how you can profit from Private Label Rights in the shoes of a buyer AND seller. But that's not all.
