Protect Your Digital Files From Cyber Thieves Now! e-Product Vault allows you to secure your digital download's from cyber thieves! This script also handles the entire order process from start to finish. Key Script Features: 1. Add multiple products, each with its own name, description, price, and product file (ZIP, RAR, etc) 2. Instant editing of products - change anything about it with a few clicks! 3. Automatically generated PayPal HTML codes for each product 4. Foolproof, completely secure PayPal validation system 5. Users will only get ONE chance to download the product you've uploaded, AFTER purchasing the product 6. The secure, one-time only download link is emailed to the user after successful payment through PayPal 7. Users have no idea where the files are stored on the server (hashed / encrypted folders) 8. If users quit the download before it finishes, they can still use the download link Thus, a foolproof system for your honest paying customers to easily download your digital products they purchase from you - no hassle, no problems, nothing! This is a great script that is your all in one solution for a digital product shopping cart and download distribution system Server requirements: - PHP running on a web server (such as Apache) [php.net] - MySQL (linked to PHP) [mysql.com] - A valid mail server (such that PHP's mail function works) This product comes with full master resale rights.
