It is extremely hard to personalize a sales letter that involves a general audience. And copywriters have nothing to do with persisting with potential customers. Jahns Squeeze Page Form Generator solves the problem of miserable response rates, pitiful sales, loose change for profits and an emailing list of two or three! Jahn's Squeeze Page Form Generator creates PERSONALIZED copy by collecting information about your customer and using it throughout the course of the sales letter. These personal snippets of information are used in such a way they are almost undetectable to the reader! The program also provides a means to PERSIST with the sale by collecting opt-in email addresses. The only thing you need to produce top-notch winning sales letters is your imagination: - Play with different widths, colors, borders, headers, fonts etc. - Choose the text you want displayed on buttons and headers - Set which download site to direct your customers to once they decide to buy - Enter your current Autoresponder program details to run your opt-in email address collector automatically! - Automatically collect personal information to grab your visitor's attention without being invasive! - Place collected personal details throughout your sales letter to pinpoint individual traits, likes and dislikes and use them to close the sale, without having to figure out the codes yourself! There is only so far you can get in the world of marketing by hiring a copywriter or even writing your own sales letters. Order your own copy of Jahn's Squeeze Page Form Generator program NOW and jump right ahead of your competition!
