Refer Bomb Script ReferBomb allows you to improve your site's search engine rating by taking advantage of other folks' public web stats and referer lists. This script will get up to 1000 Google search results for the term or phrase you specify, then access each of the results forging your own URL as the HTTP referer. This gets you listed (and linked to) in other sites' web stats, blog referer lists, etc. which then improves your search engine rating by increasing the number of sites which link to you. FEATURES Increase your site's visibility and traffic Uses a proxy to mask the origin of the "referral bomb" Now supports multiple sites and search terms in each run Outputs results using an easy to understand key See at a glance how many results were found and which ones succeeded or failed SUPER BONUS: Order now and receive MASTER Resell Rights so you can sell Refer Bomb Script and keep 100 \$\$\$ of the profits! You'll even get a copy of this sales page which you can easily customize!
