Finally, an easy way to have your visitors return to your websites over and over again... Discover How You Can Make All Your Websites Interactive, Attract Tons Of Free Search Engine Traffic & Start Building A Huge *Laser Targeted* Email List... Instantly! Finally A Hands Free Way To Let Your Websites Grow Everyday With Unique, Search Engine Friendly Content! Site Comments Pro will instantly integrate with any html or php web page and allow your visitors to easily interact with your content and each other through discussion right on your webpage. Until now, this was really only possible if your site was already built using wordpress, or some complicated content management system. When I noticed how popular interactive websites were becoming, I just new I had to find a simple way to add the same functionality to my old html, hand-built sites. Thats when I decided to develop this script. And being an avid believer in the saying The money is in the list, I added the ability to collect the names and emails of everyone who leaves a comment. Allowing you to build highly targeted Opt-In email lists of people who are interested in your topics, products and services. The script is extremely simple to use and can be added to any or all of your current or future html / php web pages. Copy The Proven Techniques used By Some Of The Biggest Sites On The Web!
