

Easy Seo Scripts

[DOWNLOAD HERE](#)

All of our SEO scripts are programmed in PHP and are known to work in the following browsers: 1. Google Chrome 2. Mozilla Firefox (2.x and above) 3. Internet Explorer (7 and above) The Ultimate Package requires PHP 5.X.X, the GD library (installed with PHP), and the TrueType library. Select scripts require a MySQL database and mod_rewrite. Please note that there is NO ENCODING on our scripts, so you may edit them as you please! The design is in a SINGLE FILE for easy editing - you can re-template the package with ease. The 90-SEO SCRIPT ULTIMATE PACKAGE comes with the following scripts:
