All mysteries of the Universe. Some say Myth, some say Legend & some say the Oldest Religion. Until recent years, it has been kept in the closet. But now there are some VERY prominent names speaking out on the subject. I think Scott Cunningham summed it up early, at the end of his introduction to "Wicca A Guide For The Solitary Practitioner": "Wicca is a joyous religion springing from our kinship with nature. It is a merging with the Goddesses and Gods, the universal energies which create all in existence. It is a personal, positive celebration of life. And now it is available to all." What we have attempted to do is to bring you the best collection of ebooks on the subject that we could find. We searched high & low, & finally have put together this package for you.
