Learn How To Start Making even MORE money in this lucrative domaining industry. Here's a list of this 7 part video series in more detail

**Video #1: Introduction to Domaining** In this video, you will be given a brief overview of what will be discussed in this video series. Once you understand this and the websites you'll be using to find profitable domain names, and flipping them...then, and only then should you move on to the rest of the video series with ease. You will need some money of course, to buy your domain names, but fortunately they don't cost an arm and a leg.

**Video #2: Things you should Avoid doing** In this video, you will learn several things that you need to avoid doing, to save wasting time and money. By understanding what to avoid doing, and how to use certain tools to keep yourself safe... you will set yourself on the correct path to finding profitable domain names.

**Video #3: How to Find Profitable Domain Names** By now, you should be ready to start looking for profitable domain names. There are tons out there, but how do you know which domain names will sell, and which ones will not? Well, before you start investing your time and money looking for domain names, make sure to watch this particular video. We have covered some basic research and guidelines that you should follow, first. This is a very important step of this domaining process.

**Video #4: How to Register Your Domain Name** Just as the title says, you're going to learn how to register your domain name. This is a quick and easy video, but a necessary part of this whole process. If you've never done this before, don't worry, it's easier than you think.

**Video #5: Generating Passive Cash** This video is optional, 'if' you'd like to generate passive cash, without putting too much time into flipping the domain name. Be aware however, that this method isn't going to increase the value of your domain name. By using this method, we will presume that you did the necessary research, to find a profitable domain name, which already has traffic going to it...in order for this to work.

**Video #6: Flip Your Domain** In this video, you will learn how to increase the value of your domain name. This means that after you implement this step by step process, you should be able to sell your domain for at least three times more... than if you hadn't done this before. I won't go into extreme details, but I will say that this process does take some time, but not too much. However, think about how lucrative this can be if you spend just a few hours a day on flipping your domain names?

**Video #7: Selling Your Domain Name** Once

you have found a profitable domain name, and flipped it, its time to sell it. In this video, you will learn where to sell it, how to sell it, and most importantly how to get the best price. \*\*\*\*Included With Your Purchase\*\*\*\* # Professional Sales Letter. # Professional ECover Graphics. # Photoshop Layer Source Graphics # Demo Video # Resale Rights License
