You know the money's out there, just waiting for you to stake your claim, but you just don't know where to begin. What if you were given a clear-cut, comprehensive system to making money online that would instantly shift your earnings into high gear, without you ever having to become an Internet marketing "expert"? Imagine being able to download a step by step guide that would save you time and money by showing you only what you absolutely need to know in order to make money online. All you have to do is follow each strategy, one at a time, and within a few short hours, you will know everything you need to know in order to compete with seasoned marketers and experienced business owners, without ever having to go through the monotonous trial & error that THEY had to go through to generate the same results! Introducing... The Newbies Secret Short Cut To Internet Marketing Success" Become a seasoned pro in less than half the time! I know what it's like to purchase ebook after ebook, all in the hopes that just one of them will help to put the pieces of the puzzle together. Months later, and thousands of dollars in the hole - I was no further ahead from where I started. I had absolutely no idea how to create interactive websites that would funnel in hungry crowds of buyers and even if I did, I would have no idea what to sell to them! I was a complete newbie in the worst way, because not only was I making more mistakes that I could afford to make, but I was stuck in the same rut for months.. I was about to give up, call it quits, when I came across a coaching program offering to show me exactly how to make money online by revealing proven strategies that have generated an absolute fortune to those who exploited them. I'll admit, I was skeptical.. after all I had already lost a small fortune to these very same promises, but with this money back guarantee (and after spending hours checking out this guy in forums, search engines and social networks), I knew he was the real deal.. and so my initiation into his mentoring program began. And guess what I discovered in the first 7 hours of training? That not only do these 'gurus' leave out critical elements in their ebooks and training guides, but they outright MISLEAD us! We had absolutely no chance of being successful when we were being spun around until we were lost and dizzy, heading in the wrong direction. If you have been struggling to make money online, only to fail

miserably, and end up feeling as if you just don't have what it takes to be successful.. it's not your fault. Most likely, you have been brainwashed into believing that certain strategies work, or that the wealthy marketers are doing one thing, when in reality, the information that they spoon feed to us, is the exact opposite of what has really made them rich.
