

# Email Format Pro: Emails Delivered Every Time

[DOWNLOAD HERE](#)

I have taken the time and put in all of the effort at perfecting a system that can help produce email marketing results that have only previously been available to the marketing elite... Youll Follow These 3 Super Easy Steps... Step #1: Follow along with me, and find out if your IP address is black listed, and what you can do about it. After making sure your IP and email addresses are not black listed, we will go through the super easy steps of getting YOU white listed with the major email providers, and get your emails through to your prospects. Step #2: Next, youll learn how to use a very simple process for formatting your email messages, and getting them through the SPAM filters with ease, and making sure your emails are extremely easy to read for your prospects and subscribers. Step #3: Use this simple to use push button tool that I use to alter each SPAM word and phrase for each and every email you send out, and watch now as almost every email you send gets past the SPAM filters. Once you have followed these 3 simple steps, youll be joining the ranks of the elite marketers and email marketing firms, and you could start enjoying the added income potential just like they do. Look at it this way... Out of everyone who is trying to accomplish something through email marketing, only about 12 of those people really ARE getting through, and making the added income from their emailing efforts. Wouldnt you like to be on that very small list of marketers who know their emails are getting through the SPAM filters, and getting read by your email list? Tags: im, plr
