Our Software Programs Your BRAIN for Success While You Do NOTHING! This software is incredibly easy to use. You pretty much set it once to your preferences, and then let it run in the background. It will display positive affirmation messages on your computer screen so fast that you dont even notice them! (You can slow it down too so you can read the messages if you like) Here are some of the features of Our Subliminal Message Software Library Titles: - Each title contains 20 pre-loaded messages that were researched and hand-picked to cause the desired change in the shortest amount of time. - allows you to load up to 10 of your own messages into the software. (Priceless!) - allows you to customize the text to your liking (size, color, font, etc) - runs quietly in the background while you focus on other things - can customize how often and how long messages are displayed - can customize message transparency - displays messages in random order Tags: subliminal messages, Subliminal Message Software, im, plr
