Pay Banner Ad PHP Script Looking for a simple banner advertising script that accept payments via e-gold, AlertPay, PayPal, AsianPay, and SolidTrustPay? Also known as Pay Banner Advertisement PHP Script Everything you need to get your sell banner impressions on your site. REQUIREMENTS: - PHP 4+/5+ - MySQL 4+/5+ ***The script had been tested on two different servers- PHP4 (4.4.4) and PHP5 (5.2.0). NOT REQUIRED: - RegisterGlobals (No longer need registerglobals for the script to works) In respond to PHPTeams considering to remove registerglobals completely from PHP, Ive made an decision to modify the script to works itself without registerglobals as it did in older versions (0.0-0.2). Current Version: v0.3 GroovyScripts Pay Banner Ad groovyscripts.net/demos/gsbanad GroovyScripts Pay Banner Ad Admin groovyscripts.net/demos/gsbanad/admin/admin/admin *Payment Gateways + Modifications - June 25th, 2007. Added AsianPay and SolidTrustPay. Modified the script to works without registerglobals (you dont need it anymore ON/OFF. Doesnt matter. Should now works on PHP5 just like on PHP4. *Design for admin area updated - Jan 10th, 2007. Pay Banner Ad script has been updated. Only updated was the new design for admin area. Nothing changed within the database.
