The Opportunity: Content-Rich Websites Make \$\$\$! The Problem: You're Not a Writer or You Hate Writing
The Solution: ARTICLE SITE BUILDER! Now You Build High-Content Websites -- Even If You Hate to Write! I'll show you step-by-step how you can use my new, remarkable tool to gather keyword-rich articles, analyze their densities, and build separate web pages for each article collected. Dear Friend, Of course, you want content-rich websites. You've heard the stories this guy makes \$2,500 a week from his sites, another guy makes \$3,000 But you've tried so many times to write content yourself, or you've outsourced it and gotten back broken English, that you don't know who or what to believe anymore. You just want to get those keyword-rich articles than anything else, and you should! The biggest problem is that people who try to get lots of content to put on their sites have been fed the 3 myths by pessimistic people who will never get rich off the internet (so they don't want anyone else to, either!) Here are the three biggest myths about getting content for your Internet marketing web sites: 1. The first one is that you have to be a good writer. Uh-huh. Tell that to my friend Sam. Sam dropped out of 10th grade, can't spell, and reads at a 4th grade level. But you know what? Sam pulls in \$\$\$ from his content-rich sites because he ALWAYS has new content up. 2. The second is that there's no way to get good content without paying big bucks to some hotshot copywriter. Truth is, even if you DO pay big bucks, you're likely to get broken English because Mr. Hotshot Copywriter couldn't be bothered with a trivial task like yours, so he offshored it to India. 3. The third is that you can cut and paste articles from other sites and call them yours. The problem is, that's plagiarism. It's illegal and it can get you sued. Don't do it. Wouldn't you agree that it's crazy to think you'll get different results if you keep doing the same thing over and over again? If I keep touching a hot stove and kept getting burned I'd be silly to think the next time I touch that hot stove I won't get burnt. That's why you need to try something different Here's How Article Site Builder Can Help You Get High-Content Websites Built, Starting Today You see, I've just completed the beta-testing on Article Site Builder to make sure it gives you step-by-step results. It's different than anything other content-building tool you've seen. Article Site Builder has taken two years to develop. Here Are Just A Few Of The Incredible Benefits You Get From Using Article Site Builder: Being able to feed the search engines what

they love most: keyword-dense content. Visitors who keep coming back because the contents always updated. A steady stream of fresh, new content. An easy way to insert the content into a template. Okay, So Whats The Cost For This Incredible Tool? Let's do a quick comparison - last time I checked, Doorway Ninja would set you back \$247 dollars. Or you could pay \$349 for Content Generator Engine. The other option is for you to shell out \$600 or more buying up all kinds of expensive DVDs and books that will most likely sit on your shelf gathering dust. Frankly, none of these options really seemed fair to me. So I figured out a way to provide you with a real bargain. I don't need to pay anyone to take the orders over the phone. This way I can pass along my cost savings to you. So you win and I win. But don't worry, downloading Article Site Builder is a real snap. - Use an easy template to get everything set up
- Pick your own topics and where you'll get content from
- Gather as many as 1,100 articles
- Turn the articles you pick into web pages
- Publish those pages on your site

Now because you will be downloading everything online, I'm not going to charge you anywhere near the amount you'd pay for a single DVD copy goes for in a store. In fact, your total investment for the entire Article Site Builder tool is just \$7.00 That's right, you heard me just \$7.00 !
