

The Gentle Degenerates - Marco Vassi

Marco Vassi was possibly the greatest erotic writer of his generation. His first publisher at Olympia Press, Maurice Girodias, compares his talent for prose to Henry Miller's writing. His sexual explorations and literary talent are the foundations of nine novels written between 1970 and 1976. Although his life was cut short, his memory lives on with the release of The Vassi Collection. The collection includes nine fiction titles and his autobiographical memoir, THE STONED APOCALYPSE, which follows his sexual liberation while on a trip he took in the sixties. Join Vassi in his exploration of the human sexual and spiritual experience. In The Gentle Degenerates, a young man let loose in the human potential movement travels from one end of the country to the other, opening himself to all the possible variations of sexual experience and trying to find love in the midst of explosive and unlimited sensuality.
